<b>CAS:</b>	61789-91-1
<b>JCIC:</b>	520591
<b>Packaging:</b>	5 kg Pail (standard)    1 kg Pail (optional)

**Floraspheres** are soft spheres of Jojoba Esters which disappear completely when rubbed into the skin, leaving jojoba emolliency and no debris. Floraspheres visually suggest the efficacy of your product and have been used successfully in systems containing alcohol and/or surfactants. Floraspheres replenish moisture to formulations that dry the skin.

Floraspheres are monosized to approximately 500, 1000 or 1500 microns and are available in all standard Floratech colors. Custom sizes, playtimes and colors available upon request.

#### Functions:

- ❖ Exfoliant
- ❖ Visual Appeal
- ❖ Deposition of Jojoba Emolliency

#### Benefits:

- ❖ Botanical
- ❖ Hypoallergenic
