

SunSHINE® Color Travel Effects

looking for a new dimension
in beauty?

we have you covered.

working for you.

Solutions. Tailor-Made.™

SunChemical®

a member of the DIC group

break boundaries...

Take your cosmetic formulations to an entirely new dimension with SunSHINE® Color Travel Effects. These premium synthetic mica based pearls (INCI designation Synthetic Fluorophlogopite) offer unparalleled color travel, luster and transparency to deliver a unique visual allure. When combined with conventional cosmetic pigments, striking color transitions can be achieved. With market-leading purity standards and improved feel characteristics versus color shifting glass flakes, SunSHINE® Color Travel Effects are ideally suited for use in even the most stringent applications. Examine SunSHINE® Color Travel Effects and discover color without boundaries.
